# Plymouth Parent Carer Voice

## PPCV

Parent carers of children and  
young people 0-25 with  
Special Educational Needs or  
Disabilities.

Supporting families with  
SEND across Plymouth.

## What do we do?

- \* Provide a united voice by creating a forum for parent carers views.
- \* Gather information and views from parent carers and provide a voice of challenge and reason regarding changes, developments and cancellation of services from the Plymouth City Council.
- \* Use unique shared experiences that we have gained in raising our own families, to work in partnership with all agencies across the Plymouth area responsible for providing services to our children and young people.

### Training

We offer training to parents so they feel more confident in their own knowledge and abilities.

### Keep in Touch

We keep you informed by working with parent carers and professionals to create a network of information, advice and support through our website and social media.

### Information, advice and support

We provide families with newsletters/ e-bulletins listing services, organisations, events and activities they may find useful.

### Reduce Social Isolation

We run coffee and cake sessions, encouraging parents to meet up.
